Project Title: The Face That Launched a Thousand Ships

Based on: https://en.wikipedia.org/wiki/Helen_of_Troy

I'd like to build this site as multiple pages, rather than a long, single page website. I know its not typical, but I think the idea of a navigation bar at the BOTTOM could be really cool and reference the "thousand ships," maybe visually resemble the edges of classical Greek pottery. Plenty of art historical references to call upon for visual reference, extensive information.

- **Home Page/Introduction** – Introduce who Helen is and the different ways shes been portrayed and perceived over the years.

- **Etymology and Mythological context**

- **Family and Early Life (family --- Oath of Tyndareus)**

- **Trojan War Era (seduction or kidnapping --- fate)**

- **In popular culture and artistic representations**

- **Sources** – this page will just list sources, including the Wikipedia page, as well as other sources for photography, and any other credits that need to be provided.
